OARC Workshops

- We have successfully transitioned to hybrid format, and achieved OARC37, 38 & 39 during 2022
- 3 hybrid workshops per year is however proving demanding, and distracting from other activities
- Co-locating event externalities impacted 2022 workshop planning and timing
- Both in-person and online attendance reduced compared to 2020-21
- Current plan is just 2 hybrid workshops for 2023, and then review frequency/format for 2024 onward
