DoS and Hijacks panelist

- Characterizing the DDoS Amplification Power of Open DNS Resolvers to Facilitate Prioritized Mitigation (**Ramin Yazdani**, University of Twente)

- Transparent DNS Forwarders: A (still) unnoticed component of the ODNS infrastructure (**Maynard Koch**, TU-Dresden)

- Cross the Zone: Toward a Covert Domain Hijacking via Shared DNS Infrastructure (**Yunyi Zhang**, National University of Defense Technology/Tsinghua University)

- CVSS scoring often does not work well for DNS (**Cathy Almond**, Internet Systems Consortium)
